A family business

Originally from Pouzauges in the Vendée region, we were determined to found our company father & son. We collaborate together to propose a vision of family entrepreneurship and to transmit the values of proximity, exchange and requirement which are ours.

Our exceptional tables

Our massage tables are the result of a reflection established from the practices and senses of patients. The tables have been designed by and for health and wellness professionals. Every step of the design process has been thought out with the goal of delivering unique products for our clients.

Created by a health care professional

Osteopath for 30 years, Vincent Dias was looking for a massage table for his practice. He sounded out the market and then imagined a table in his image. He went to his patients, carpenters and saddlers to design the table of his dreams.

Quality

100% French manufacturing

Warranty

3 years

Deadline

4 to 6 weeks

Tailor-made

Personalized accompaniment

Our French craftsmen

For the making of our tables, we have chosen to make them 100% made in France. Our tables are made in Vendée where we benefit from real craftsmanship, which we wanted to highlight.

**MADE IN
FRANCE**

Our vision of the product

Our materials are carefully selected for your tables, the 5 species of solid wood are from the maximum circular economy. We have designed the massage tables in a perennial way. Each part is interchangeable and modifiable. We are committed to producing sustainable tables.

The founders

Vincent DIAS

Co-founder

A healthcare professional for 30 years, he is the man behind the design of the tables. He is the "creative" spirit of the company.

Guillaume DIAS

Co-founder

Both co-founder and director of Dias Design, he is a key figure in the company's innovative spirit.

Heating system

Our heating system will provide you with a unique experience guaranteed during the installation in the cabin. Integrated into the mattress, choose from five progressive levels that will allow you to adapt the temperature according to your patient's needs.

Atman Sound System

Broadcast your playlists with the Atman sound system integrated in our tables. The calibrated hertz frequencies and the vibrations emitted in the table will offer an extraordinary sound therapy experience to your clients.

Integrated socket

Thanks to the integrated plug, you can plug your devices directly under the table.

Silk-screened mattress

Thanks to our craftsman saddler, customize your mattress to create a care cabin in the image of your brand.

Stool

Choose a stool to accompany your table. Both practical and design, it will complete your range of equipment.

Cushions

You can decorate your table with a range of cushions of your choice. Circular cushion, half-circular cushion, head cushion.

Battery

Make the table lift system autonomous with the battery. At full charge, you will have up to 100 full lifts of autonomy.

Our tables already equip the most beautiful spas

They chose our massage tables for their French design and comfort. Discover who they are.

Avis

Fernanda Mussap

Spa Director

Mudra beauty, Michigan, USA

I bought the table for my salon in US, I had all support from Guillaume, and the table arrived in perfect condition. The table is great, very comfortable, high quality and super beautiful. My clients love it and they notice the difference when they lay for a treatment. I'm very happy with my decision to buy with Dias Design

Noémie Bloch

Spa director

Le nouveau monde, Paris

We chose to equip our Le Nouveau Monde Paris institute with Dias Design massage tables, and we're absolutely delighted. Our customers appreciate their design and comfort, and our therapists value their practicality in everyday use. The after-sales service is also top-notch, thanks to Guillaume who is my point of contact. I highly recommend them!
